## IMPORTANT NOTES

Check break points for Pallet shipping — It may save you money on larger shipments. Any relevant local taxes MUST be paid by your customer on delivery. Please ensure your client is aware. All work carried out under Euro-Tran Despatch Limited Terms and Conditions. The greater of the Actual Weight or the Volumetric Weight WILL ALWAYS BE APPLIED. Every Despatch benefits from a specified contact and a mobile phone number - ESPECIALLY INTERNATIONAL. Please ensure that the consignment note is fully completed.

If a particular quotation request is required, the request must be submitted in writing and include both the actual weight and dimensions of the goods - A quote will then be returned to you. Some countries may require an attached sales invoice to accompany the goods. Pallet Rates are available for European Destinations. Please call for a quotation. Please be aware as previously stated the volumetric calculation is different across the standard and express services. See Website for any applicable fuel surcharges.
